

## Older adults are living historians

*There is so much to learn  
if only someone will listen. . .  
if only someone will ask.*

Bring back old memories  
and create new ones  
with Bi-Folkal program kits  
from the library.

*Our library owns these mini-kits, too!*

**How can I arrange to borrow a kit?**

*Let us know when kit pieces are damaged  
or missing—they can be replaced!*

# PROGRAMS TO REMEMBER

## are in the bag!

**R**emembering any time or topic is easier when you can see pictures of your memories, or touch or hear or smell them. When memories are shared in a group, each person's experiences can add to a deeper understanding of our past—and perhaps our future. Multi-sensory kit pieces focus on themes including school days, railroads, fashion, pets, automobiles, and the decades of this century.

**Use with groups of older adults at**  
 senior centers  
 nursing homes  
 nutrition sites  
 churches  
 anywhere

**Great for intergenerational programs with**  
 students  
 scout troops  
 youth groups  
 families

## A whole series of programs is in the bag

With the variety of materials in each bag, you can choose something for one short program—or use it all for a whole series of programs. Adapt the pieces to make the program just right for your group. Use the same kit over and over for always-new discussion.

## Just exactly what comes in the kit?

### Audio-visual presentation

In slide/tape or VHS video or both!  
*(See the back of this brochure for a list of kits and formats available through this library.)*

### Manual

A how-to-do-it guide with instructions on how to get a program going, a list of questions that will stimulate discussion, resources and ideas for related activities.

### Audio cassette

Offers vocal and piano accompaniment for sing-along songs. You'll never be singing alone! Plus stories, mood music, or radio shows.

### Booklets

Sing-along songs, poetry, photographs, and other discussion-starters are all printed in large type.

### Skits or jokes

Add a touch of humor to a program. Offer another way to involve participants and prompt discussion.

### Things to touch

Shapes and textures spark memories and encourage stories from older adults. (Some of these may be mystery items for younger people.)

**Just add audio-visual equipment, and a group!**
